PROFILE

Graduate in Management Information Systems and currently pursuing a Master's in Information Systems Engineering & Data Science. Skilled in Business Intelligence, Big Data, and Web Development.

Passionate about data analysis, machine learning, and innovative projects, I aim to leverage my expertise in data visualization, reporting, and project management to drive informed decision-making and deliver impactful solutions.

EXPERIENCE

VERMEG, Tunis 02/2024-06/2024

Final Year Internship

- Developed a Business Intelligence solution to optimize resource management on Jira Software (Atlassian).
- Conducted data analysis and built interactive reports to support decision-making processes.

GCR, Tunis 06/2022-08/2022

Management Controller Intern

- Performed financial data analysis and created performance reports.
- Supported budgeting and forecasting processes to enhance financial control.

ASSOCIATIVE EXPERIENCE

Tuni'act Club - Les Berges du Lac

Head of Public Interest Commission (2024/2025)

- Organized and coordinated community service initiatives (clean-up campaigns, solidarity events, winter aid, etc.).
- Promoted social responsibility and community engagement.

Active Member (2023/2024)

- Contributed to national and local solidarity events.
- Participated in awareness-raising and humanitarian activities.
